T.S. Rosserhead debarkers are designed to be the most durable, low maintenance and heaviest duty systems on the market. With our unique and wide array of options, a T.S. Debarker can be customized to suit your specific application.

* Standard Model features are Upgradeable and Customizable; please contact a representative for more information

Options:

- Operator's Cab with Heating and Air Conditioning
- Combination Debarker / Reducer with Carriage Mounted Reducer Head or Bottom Mounted Reducer Head and Overhead Hold Down Wheels.
- Hourglass Rolls ahead of Debarker to get optimum 'O' line.
- Heavy Duty Anson Split Bearings or Bushings
- Turning Wheels and Kicker Arms with locking hubs to eliminate troublesome shaft keyways, strengthening shafts and allowing for adjustable wheel spacing to meet changing log supplies
- Customized to suit Log requirements
- Substructure
- Waste Conveyor, Bin Storage, and Truck Loading Systems Available
