

# Electrical Systems Detailer

## Company Description

TS Manufacturing, a local family-owned manufacturer of Automated Machinery for the Sawmill & Material Handling sector, based in the scenic City of Kawartha Lakes. As an industry leading manufacturer, TS Manufacturing has continually improved its facilities and infrastructure leading to the completion of a multi-million dollar facility and equipment expansion culminating in the expansion of its 70,000 square foot manufacturing facility. With modern technology, and a strong global customer base we require people who are willing to take advantage of the opportunities to improve our processes and customer experiences throughout the organization including Electrical Controls Engineer/Product Specialist. In this role, you will get the opportunity to work with customers on almost every continent worldwide; as well as interfacing with engineering staff at one of our 3 other facilities worldwide – including New Zealand, and North Carolina. Currently Celebrating 49 years in business with an experienced multi-generational team; TS Manufacturing offers a rural based lifestyle, while working in a global reaching, pandemic essential business; offering competitive pay and benefits.

## Job Description

The successful candidate will possess strong electrical systems detailing skillset and excellent working experience with AutoCAD Electrical. This position/candidate will work within our engineering design office in Lindsay, Ontario. The area of design includes a wide range of projects related to Bulk Material Handling Projects and/or Sawmill and Lumber Handling Machinery.

## Key Duties Include\*

- AutoCAD Electrical Detailing
- Independent and team efforts on large multi-discipline design and detail projects.
- Complete as-built drawing mark-ups.
- Detailing, bill of material, issuing, processing, plotting, printing, distribution of drawings and material lists.
- Support Plant Electrical Department with technical drawing questions/answers and product knowledge.
- Project documentation and equipment manuals\* (Depending on the candidate's strengths – subject to vary slightly).
- Plus other duties as assigned.

## Desired Skills & Experience

- Very organized, able to multitask and able to meet deadlines.
- Basic to mid-level design/detailing experience using AutoCAD Electrical.
- Working knowledge and experience with drafting fundamentals and practices a benefit.
- Microsoft Office 2012 or later (Word, Excel, Outlook etc.)
- Excellent verbal and written communication skills.
- Ability to work extra hours to ensure a successful project when required.

Training will be provided.

Interested applicants can submit their resume, in absolute confidence, to [Careers@tsman.com](mailto:Careers@tsman.com).

Applicants are encouraged to view our website [www.tsman.com](http://www.tsman.com)
