

TS MANUFACTURING

Bluwood Lumber Handling Solutions

Rugged, dependable equipment for the construction industry.

40⁺ yrs
TRUSTED EXPERIENCE

Bluwood Lumber Solutions

Total System Capability to suit your scale & scope

TS Manufacturing can design, manufacture and install services with 'turnkey' capability whenever required. Our rugged, dependable equipment includes Package Breakdown Systems, Lumber Separation & Loading Machinery, High Speed Coater Infeeds, Perfect Finish Coaters, Automated Lumber Stackers, Automatic Package Handling & Strapping Systems, and many more products.

Your BLUWOOD treating system needs to be both efficient and flexible. We have the capability and experience to customize equipment for your facility, with options for future enhancements built-in!

Proven Track Record

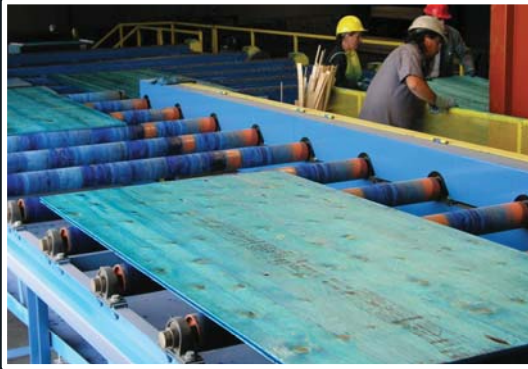

TS Manufacturing has been creating high quality, innovative and efficient lumber handling solutions for over 40 years. Our skilled engineers design equipment for handling lumber and panels at high production rates. Rates required by today's industry.

TS Manufacturing understands that you need to produce top quality products while remaining competitive. We have designed BLUWOOD lumber handling solutions that range from simple and safe TS Perfect Finish Coaters (with our optional Automated Lift & Lower System) to automated Panel & Board Handling Systems, capable of processing over 25,000 bdf/hr of lumber and paneling with only 5 handling personnel!
